

SYED MASHIUR RAHMAN

Gazipur, Dhaka, Bangladesh
+8801919548598 | syedshafin961@gmail.com | GitHub | LinkedIn

Professional Summary

Aspiring IoT and Robotics Engineer pursuing a Bachelor's degree in IoT and Robotics Engineering with interests in Embedded Systems, Backend Development, and Artificial Intelligence. Passionate about building practical technology solutions through hands-on experimentation, continuous learning, and real-world projects. Skilled in Python, Java, C, JavaScript, Django, FastAPI, and modern software development tools. Seeking internship opportunities in IoT, Robotics, Backend Development, or AI Engineering.

Education

University of Frontier Technology, Bangladesh
B.Sc. in IoT and Robotics Engineering

Expected Graduation: 2029
Current CGPA: 3.00

Technical Skills

- **Programming Languages:** Python, Java, C, JavaScript
- **Frontend:** HTML5, CSS3, JavaScript, React
- **Backend:** Django, FastAPI
- **Database:** MySQL, PostgreSQL
- **Artificial Intelligence:** Machine Learning, Deep Learning, Natural Language Processing (NLP)
- **Tools & Technologies:** Git, GitHub, Linux, Docker, VS Code, PyCharm

Projects

Stock Sensei - Real-Time Stock Market Analysis System

GitHub: <https://github.com/syed1011128/Stock-Sensei>

- Stock Sensei is a real-time stock market analysis and ranking system that leverages advanced data structures (Graphs, Heaps, and optimized sorting algorithms) to provide efficient stock analysis and visualization capabilities.
- Technologies: Java, Maven, Java Springboot, React, Web Socket, MySQL

Expense Optimizer - Smart Personal Finance Management

GitHub: <https://github.com/syed1011128/ExpenseOptimizer>

- Expense Optimizer is a comprehensive desktop application designed to help individuals manage their personal finances effectively.
- Technologies: Java, JavaFX, Maven, SQLite, Apache POI, 3-Layer Architecture, JDBC, JavaFX Charts PI, iText PDF

Personal Portfolio

GitHub: <https://github.com/syed1011128/PortfolioWebsite>

- A modern responsive portfolio built using HTML, CSS, and JavaScript.
- Technologies: HTML, CSS, JavaScript

Experience

Currently Seeking Internship Opportunities

Present

IoT • Robotics • Backend • AI

- Continuously learning and building technical skills through self-directed study and hands-on practice.
- Focused on Embedded Systems, Backend Development, and AI integration.

Scholarships & Awards

- Computer Science Scholarship (2026)

Certifications

- Currently pursuing professional certifications in Python, Machine Learning, Backend Development, and Cloud Computing.

Languages

- Bengali (Native)
- English (Professional Working Proficiency)

Areas of Interest

- Internet of Things (IoT)
- Robotics
- Backend Development
- Artificial Intelligence
- Embedded Systems
- Open Source
- Automation
- Cloud Computing
